

1-Year Genetic Warranty

Diane Canizzo guarantees that your puppy is in good health at the time of transfer and is guaranteed from communicable disease for 72 hours from the date of sale. You are responsible for having the puppy checked by your vet within that period. We will not be responsible for parvo, distemper, or kennel cough contracted after the puppy leaves us. We also guarantee our puppy to be free of genetic defects that would be life threatening or not medically manageable until the puppy reaches 1 year of age. If such circumstances occur, we must be notified immediately and have proof of defect or disease in writing from a veterinarian stating the problem is genetic with no possibility of any other cause, such as accidents, insect born diseases, parasites, viruses, etc. Our vet will then examine the documents and the puppy and the registration papers would need to be returned to us at buyer's expense in order to receive a replacement puppy. No cash refund will be made- a replacement puppy of equal value will be offered when one is available. We are not responsible for any vet bills that are incurred. We cannot be responsible for how much your vet charges you, or the knowledge of the vet.

We cannot guarantee against hypoglycemia. We do not let a puppy leave us, until we feel like it is ready for the transition and eating well. Our vet will check the puppy before leaving us, and we will include a list of all vaccinations, worming, and anything that has been done to the puppy. Please contact your vet to find out what vaccination schedule he wants the puppy on. It is your responsibility to continue the puppy's vaccinations. The puppy needs to be vaccinated every 2-4 weeks until 12 weeks. It is your responsibility to protect the puppy from exposure to disease until he is fully vaccinated and immune.

We cannot guarantee against incompatibility, that your puppy will be a perfect show dog, the perfect breeder, the exact weight you want him to be, house broken in a day, or that he won't ever chew up your favorite shoe! But we guarantee that if you love and care for him properly, you will have a wonderful friend.

This guarantee applies to the original owner of the puppy only and is non-transferable to a second party. Buyer agrees that he/she understands this contract fully in that this contract is under the jurisdiction of the state of Illinois and Tazwell County. It is agreed that the place on venue shall be in Tazwell County in Illinois.
